2571 Old Lynchburg Rd  
North Garden, VA  
22959

**Re: Removal of Emeritus status**

Dear Dr. Condon:

I am writing to inform you that as of the date of this letter, your status as an Astronomer Emeritus with the National Radio Astronomy Observatory (NRAO) has been revoked.

This decision was made by the Associated Universities, Inc. (AUI) Board of Trustees, following the recommendation of NRAO Director Dr. Tony Beasley and me. Any access you may have had to AUI and NRAO resources and applications will be discontinued as well. If you have any AUI and NRAO property, please return it no later than November 10, 2022 by using the enclosed pre-paid mailing label. Please contact Steven Geiger ([sgeiger@nrao.edu](mailto:sgeiger@nrao.edu)) to arrange a time to come to the Edgemont Road facility to remove any remaining personal items you have in the building.

Thank you.

Sincerely,

A handwritten signature in black ink, appearing to read 'A. Cohen', with a long horizontal flourish extending to the right.

Adam Cohen  
President and CEO

Enclosure

cc: Tony Beasley, NRAO Director  
Chris Wilson, Chair, AUI Board of Trustees
